## WORK EXPERIENCE

### Full Stack Engineer Self-Employed, Remote

07/2020 - Present

● Build the back-end of web applications using Laravel, Django, Ruby on Rails, and Spring Boot. ● Experience in building RESTful APIs, microservices, and serverless architectures. ● Worked with AWS and Google Cloud Platform to deploy and scale web applications. ● Created APIs and integrated databases to enable efficient data retrieval and management. ● Utilized agile development methodologies such as Scrum to foster efficiency in project delivery. ● Employed Agile development methodologies to ensure timely delivery of projects. ● Participated in code reviews, implemented unit, integration, and functional tests, and ensured code quality and standards were maintained. ● Worked with stakeholders to understand their requirements and ensured their satisfaction with the final product.

### Full Stack Developer Self-Employed, Remote

05/2017 - 06/2020

● Developed and maintained web applications using React.js, Vue.js, Node.js, and MongoDB. ● Designed and implemented front-end user interface using HTML/CSS, JavaScript, and React. ● Implemented API endpoints to connect to various third-party services, such as Stripe, Google Maps, and PayPal. ● Utilized Git and Agile methodology for team collaboration and project management. ● Utilized different databases such as MySQL, MongoDB, and PostgreSQL in developing web applications. ● Improved the web applications' performance by optimizing database queries and reducing the application's loading time. ● Participated in code reviews, unit testing, and debugging of codes to ensure error-free delivery. ● Worked with cross-functional teams to deliver new features and enhancements to existing applications.

### Junior Full Stack Developer Self-Study and Self-Employed

08/2014 - 04/2017

While at university, I learned HTML, CSS, JavaScript, PHP, MySQL and Laravel as my primary programming languages by self-study in my spare time. During this time, I fixed many bugs, accumulated rich experience and strong communication and collaboration skills in 3 projects related to Laravel and projects related to MERN stack.

## EDUCATION

### Information Systems Technology and Design (ISTD)

Singapore University of Technology and Design (SUTD)

04/2013 - 05/2017

Singapore, GPA 4.50(A-)

#### Overview

- When I was a student, I was focuses on studying the basic language of web development while developing skills and expertise required to solve real-world problems.

## SKILLS

PHP/Laravel/Livewire ● ● ● ● ●

Node.js/Express.js ● ● ● ● ○

Python/Django/Flask ● ● ● ● ○

React ● ● ● ● ●

Vue ● ● ● ● ○

jQuery ● ● ● ● ○

MySQL, PostgreSQL, MongoDB ● ● ● ● ●

HTML5, CSS3, Bootstrap ● ● ● ● ●

JavaScript, TypeScript ● ● ● ● ●

Tailwind CSS ● ● ● ● ●

React Native ● ● ● ● ○

Flutter ● ● ● ○ ○

Swift ● ● ○ ○ ○

Git, GitHub, Bitbucket ● ● ● ● ●

Docker, Kubernetes ● ● ● ● ○

Sketch, Figma, Adobe Photoshop, Adobe XD ● ● ● ● ○

## LANGUAGES

English

Full Professional Proficiency
